If your company has 100 or more employees, you qualify for this program. Tickets are issued on a consignment basis and you make periodic payments as you sell tickets. Final payment at the end of the year is based on the number of tickets returned. Tickets are not paid for until you sell them. It's that simple!

SUSTAINABILITY

Dallas Zoo Catering uses Eco Friendly products. Our cutlery is made from plant starch and is certified compostable by OK Compost. Sugarcane fiber that is normally discarded during processing is used to manufacture our plates. Our corn cups are made from Ingeo, a plant-based plastic that is 100% derived from domestic corn and not oil. The composting time in a commercial compost facility is as little as 45 to 90 days.

Dallas Zoo Catering also follows Seafood WATCH guidelines established by the Monterey Bay Aquarium. Our goal is to minimize our footprint on land as well as the oceans.
