

JOB CARDS

Teacher Directions: Make copies of the job cards for each group. Cut the cards apart and give to each member of the group.

RECORDER

Use the cricket eye sheet. Draw dots in each space to show in which direction the cricket is facing every 15 seconds for 5 minutes. After completing the cricket eye sheet for the first trial, swap tasks with the timekeeper.

TIMEKEEPER

Make sure that the group is ready to begin. Watch the stopwatch and call "time" every 15 seconds for 5 minutes. After timing the cricket for the first trial, swap tasks with the recorder.

OBSERVER

Watch closely where the cricket moves and make dots on the cricket box map showing where the cricket is located every 15 seconds during the 5 minutes. Determine when the group is quiet and ready to begin. After observing the cricket for the first trial, swap jobs with the manager.

MANAGER

When the group is ready, place the cricket in the middle of the box. If the cricket gets out of the box, replace it in the approximate spot where it got out. After managing the cricket for the first trial, swap tasks with the observer.
